*Thank you so much for my reading and drawing - it is beautiful. It's amazing you really hit it right on with everything. It's like you know me and it's a testament to the beautiful gift that you have....*

*Thank you again so much.*

*I'm writing to say how thrilled I was with the portrait and reading that Hazel asked you to do for my birthday. It was amazing. Everything you said was so true. It has certainly helped me to make some decisions regarding my work with the angels and healing. The portrait you drew so beautifully is my father who passed over 25 years ago, but whose presence I first felt 10 years ago when I had a trauma in my life. He is always with me and the drawing will be a daily reminder to me of how lucky I am that he is still around me and caring for me. You have such a special gift Stephen, and your readings are filled with kindness, sincerity and humour (Hazel let me listen to hers), not to mention absolute truth. Thank you again, and may the angels be with you always.*

*The portrait you produced for me is definitely Bill when he was a young man. I realise more clearly now. The more I look at it the more I see Bill. This is really truly amazing!!!! He always promised he would be around giving support after he died, bless him. Yes there is also a photo of Bill in his younger years in the same pose with the same expression, although the photos are now long out of my reach :( Thank you for your excellent work and gift.*

*I just want to say thank you for an amazing reading. You have brought me so much comfort with the words you received from my husband that since then I have found such inner peace that I am so grateful for. You have a special gift. It was the first time I had visited a psychic but I will not be afraid to go again. Thank you.*

*The portrait is of my uncle Len Wilkinson who played cricket for England and specifically the South African tour of 1939.*

*- Beth, Pennsylvania, USA*

*Thank you for the most wonderful portraits and reading. For the reading, it's like you have known me for all eternity. The portraits are so beautiful, so alive and so perfect. ... The first one is my brother who died in 1948, and the second is my ex-husband. He died in 2002. We remained good friends. Your portrayal of both these dear ones are exactly who they are in character and personality.*

*Just a quick thank you to say how thrilled I was with the reading and portraits that you did for me last month. The reading was very accurate (family and friends all agree too) and I feel so lucky to have my portraits to inspire me visually as well as spiritually.*

*Thank you, Stephen. Wow, I was blown away by our unexpected meeting when you came into my shop today. As well as my husband and 2 boys, my daughter Katie are the most precious things in my life. You came up with things that made a lot of sense. Again, thank you very much.*

- Deborah, Margaret River, Western Australia

*I am thrilled with both the portrait and reading which I found to be uncannily accurate. My spirit guide is as I already imagined him - a North American Indian but with more refined features. I would not hesitate to recommend your work to anyone.*

- Margaret, Tyne and Wear, UK

*The reading I received was both enlightening and 'spot on'; the portrait of my Spirit guide was second to none.
